Program Agenda
Saturday, November 15, 2014
8:00 AM – 5:20 PM

Session 1  Steps to a Successful Career
8:05 - 9:25 AM

8:05  Overview of a Career in Academic Vascular Medicine
Valentin Fuster MD, PhD, Mount Sinai Medical Center, New York, NY

8:25  Conducting Clinical Research and Trials in Vascular Medicine
Mary McDermott, MD, Northwestern University, Chicago, IL

8:45  How to Manage Research and Clinical Practice - the Surgeon’s Perspective
Michael Conte, MD, FAHA, University of California, San Francisco, CA

9:05  Getting Started in Clinical Investigation of Vascular Disease: How to Launch Your Academic Career
Gregory Piazza, MD, Brigham and Women’s Hospital, Boston, MA

Session 2  Venous Disease
9:25 – 11:05 AM

9:25  State of the Art: Prevention and Treatment of Venous Thromboembolism
Gregory Piazza, MD, Brigham and Women’s Hospital, Boston, MA

9:45  Lysis and Mechanical Thrombectomy for the Treatment of Acute Venous Thromboembolism
Sanjay Misra, MD, Mayo Clinic, Rochester, MN

10:05  Selection and Use of the Novel Anticoagulants
Matthew Rondina, MSCI, MD, University of Utah Health Care, Salt Lake City, UT

10:25  Evaluation and Management of the Patient with an Idiopathic Venousthromboembolic Event
Sonia Anand, MD, PhD, FRCPC, McMaster University, Hamilton, ON, Canada

10:45  Panel Discussion and Questions

11:05-11:20  Refreshment Break

Session 3  Diseases of the Aorta and Major Branches
11:20 AM – 12:30 PM

11:20  Acute Aortic Syndromes-From Intramural Hematomas to Acute Aortic Dissection:
Appropriate Diagnostic and Management Strategies
Patrick O’Gara, MD, FAHA, Brigham and Women’s Hospital, Boston, MA
11:40  Abdominal Aortic Aneurysms: EVAR, Open Repair, and Patient Selection to Achieve Best Outcomes
       TBD

12:00  The Simplicity of CORAL: What is the Role of Endovascular Therapy in Resistant Hypertension?
       Christopher Cooper, MD, University of Toledo, Toledo, OH

12:20  Panel Discussion and Questions

Lunch: A Mentorship Feast
       12:30 – 1:45 PM

12:30-1:45  Attendees will be asked to choose one of the following five topics:

1. Academic Careers in Clinical Vascular Medicine
   - Heather Gornik, MD, MHSc, Cleveland Clinic Foundation, Cleveland, OH
   - Jeffrey W. Olin, DO, FACP, FACC, FAHA, Mount Sinai Medical Center, New York, NY

2. Careers in Vascular Medicine Epidemiology
   - Naomi Hamburg, MD, Boston University School of Medicine, Boston, MA
   - Alan T. Hirsch, MD, FAHA, FACC, MSVN, University of Minnesota Medical School, Minneapolis, MN
   - Mary McDermott, MD, Northwestern University, Chicago, IL

3. Vascular Biology and New Drug and Biological Therapies
   - John P. Cooke, MD, PhD, Stanford School of Medicine, Stanford, CA
   - William Hiatt, MD, FAHA, FACC, University of Colorado School of Medicine, Aurora, CO

4. Careers in Vascular Intervention (Endovascular and Open Revascularization Therapies)
   - Reza Amini, MD, Georgia Health Sciences University, Augusta, GA
   - Michael Conte, MD, FAHA, University of California, San Francisco, CA
   - Mehdi H. Shishehbor, DO, MPH, PhD, Cleveland Clinic, Cleveland, OH

5. Careers in Clinical Investigation of Vascular Diseases. Clinical Trials of Exercise in PAD and Developing Prospective Observational Studies in Vascular Disease (Quality Outcome Assessment)
   - Andrew Gardner, PhD, University of Oklahoma, Oklahoma City, OK
   - Diane Tread-Jacobson, PhD, RN, University of Minnesota School of Nursing, Minneapolis, MN

Session 4  Carotid Artery Disease
       1:45 – 3:00 PM

1:45  Asymptomatic Carotid Stenosis: Risk of Stroke, Medical Therapy, and Appropriate Trial Endpoints
       Joshua Beckman, MD, FAHA, Brigham and Women’s Hospital, Boston, MA

2:05  Carotid Revascularization
       TBD

2:25  Case Presentation (Severe Asymptomatic Carotid Disease)
       TBD

2:45  Panel Discussion and Questions

3:00–3:20  Refreshment Break
