Kenneth M. Brinkhous Young Investigator Prize in Thrombosis
Sponsored by the Council on Arteriosclerosis, Thrombosis and Vascular Biology

The Kenneth M. Brinkhous Young Investigator Prize in Thrombosis recognizes outstanding endeavors by new investigators in fundamental and applied research in Thrombosis including the mechanism, detection, treatment, and prevention of thrombotic disorders.

Criteria

- Applicants must be a member of the American Heart Association. Membership number is required to complete the award application.
- Applicants should be early-career (post-doctoral associates, fellows, or pre-tenured, junior faculty).
- Applicants must have a sustained research effort in an area related to thrombosis as evidenced by peer-reviewed manuscripts in the field.
- Finalists from previous years are eligible to reapply. Materials submitted in support of re-application must demonstrate that the project has advanced substantively relative to the original application.
- The work covered by the abstract must not have been published at the time of abstract submission, or presented at a national meeting or world congress before May 10, 2018. The abstract must comply with the AHA Abstract Submission Guidelines as outlined by the ATVB|PVD Program Committee.
- Be present at the ATVB/PVD 2018 Scientific Sessions in San Francisco, California to qualify for this award.
- There are no citizenship requirements.

Application Requirements

- Applicants must submit an abstract describing new, unpublished work in the field of thrombosis to ATVB|PVD 2018.
- A single manuscript, either unpublished or accepted for publication after January 1, 2017, is required as part of the application. Manuscript may be from a project distinct from the abstract submitted to ATVB|PVD 2018.
- Applicants may also apply for the Page Award; however, a different abstract and manuscript must be submitted for each award application. The applicant can be a finalist for only one award.

Judging Criteria

The finalists will present their research results during a special session at the ATVB|PVD 2018 Scientific Sessions in San Francisco, California. The applicant will be assessed on:

- The quality and originality of the submitted manuscript
- The quality of the oral presentation and response to questions
- Publication and funding record
- Service to the scientific community

Prize

The first-prize winner will receive an engraved plaque and $1000, plus a $500 stipend to defray travel costs. Other finalists will each receive a plaque and a $500 travel stipend.

How to Apply

The applicant must:

1. Submit an original abstract to the ATVB|PVD 2018 Scientific Sessions. The abstract must be in accordance with the rules and regulations for submitting abstracts, and must have been submitted by the abstract submission deadline. Submission dates are November 1, 2017 through January 10, 2018.
2. Select the Brinkhous Prize during the abstract submission process.
3. By January 10, 2018, the following must be submitted by uploading into the abstract submission system (at the “Awards Application Materials Upload” step):
   (a) A cover letter declaring the application for the Kenneth M. Brinkhous Young Investigator Prize in Thrombosis.
   (b) A manuscript that is either unpublished or accepted for publication after January 1, 2017.
   (c) A complete curriculum vitae, including bibliography, and clear documentation demonstrating that the applicant is in the early stages of their career (post-doctoral associates, fellows, or junior faculty) and does not have tenure.

Application Deadline

Applications must be submitted by January 10, 2018. Questions may be directed to Julie.Green@heart.org.
